

Version: 1.0 Revision Date: 09/26/2019

# SAFETY DATA SHEET

# 1. Identification

Product identifier: TERAND MULTI-SURFACE CLEANER DEGREASER DEODORIZER

Other means of identification SDS number: RE1000009093

### **Recommended restrictions**

Product use: Cleaner Restrictions on use: Not known.

### Manufacturer/Importer/Distributor Information

### Manufacturer

| Company Name: | CPC                 |
|---------------|---------------------|
| Address:      | 1000 INTEGRAM DRIVE |
|               | PACIFIC, MO 63069   |
| Telephone:    | 1-800-327-1835      |
| Fax:          |                     |

Emergency telephone number: 1-866-836-8855

# 2. Hazard(s) identification

### **Hazard Classification**

### **Physical Hazards**

| Flammable aerosol |  |  | Catego | ry 1 |
|-------------------|--|--|--------|------|
| Health Hazards    |  |  |        |      |

| Serious Eye Damage/Eye Irritation | Category 2A |
|-----------------------------------|-------------|
| Skin sensitizer                   | Category 1  |
| Toxic to reproduction             | Category 1B |

### **Environmental Hazards**

Acute hazards to the aquatic environment

Category 3

### Label Elements

Hazard Symbol:

Signal Word:

Danger

Hazard Statement:

Extremely flammable aerosol. Causes serious eye irritation. May cause an allergic skin reaction. May damage fertility or the unborn child. Harmful to aquatic life.

| Precautionary<br>Statements                   |   |
|---|---|
| Prevention:                                   | Keep away from heat, hot surfaces, sparks, open flames and other ignition<br>sources. No smoking. Do not spray on an open flame or other ignition<br>source. Do not pierce or burn, even after use. Wash thoroughly after<br>handling. Wear protective gloves/protective clothing/eye protection/face<br>protection. Avoid breathing dust/fume/gas/mist/vapors/spray. Contaminated<br>work clothing should not be allowed out of the workplace. Obtain special<br>instructions before use. Do not handle until all safety precautions have been<br>read and understood. Use personal protective equipment as required. Avoid<br>release to the environment. |
| Response:                                     | IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention. IF ON SKIN: Wash with plenty of water If skin irritation or rash occurs: Get medical advice/attention. IF exposed or concerned: Get medical advice/attention. Specific treatment (see on this label). Wash contaminated clothing before reuse.   |
| Storage:                                      | Protect from sunlight. Do not expose to temperatures exceeding 50°C/122°F. Store locked up.   |
| Disposal:                                     | Dispose of contents/container to an appropriate treatment and disposal facility in accordance with applicable laws and regulations, and product characteristics at time of disposal.  |
| Hazard(s) not otherwise<br>classified (HNOC): | None.   |

# 3. Composition/information on ingredients

### **Mixtures**

| Chemical Identity                               | CAS number | Content in percent (%)* |
|---|------------|-------------------------|
| Butane  | 106-97-8   | 1 - <5%                 |
| Propane   | 74-98-6    | 1 - <5%                 |
| Sodium nitrite, Nitrous acid, sodium salt (1:1) | 7632-00-0  | 0.1 - <1%               |
| Proprietary                                     |            | 0.1 - <1%               |
| Borax (B4Na2O7.10H2O)                           | 1303-96-4  | 0.1 - <0.3%             |

\* All concentrations are percent by weight unless ingredient is a gas. Gas concentrations are in percent by volume.

# 4. First-aid measures

| Ingestion:    | Call a POISON CENTER/doctor if you feel unwell. Rinse mouth.  |
|---------------|---|
| Inhalation:   | Move to fresh air.  |
| Skin Contact: | If skin irritation occurs: Get medical advice/attention. Destroy or thoroughly clean contaminated shoes. Immediately remove contaminated clothing and shoes and wash skin with soap and plenty of water. If skin irritation or an allergic skin reaction develops, get medical attention. |
| Eye contact:  | Immediately flush with plenty of water for at least 15 minutes. If easy to do, remove contact lenses. Get medical attention.  |

# Most important symptoms/effects, acute and delayed

| Symptoms:   | No data available.   |
|---|--|
| Hazards:  | No data available.   |
| Indication of immediate medical   | attention and special treatment needed   |
| Treatment:  | No data available.   |
| 5. Fire-fighting measures   |  |
| General Fire Hazards:   | Use water spray to keep fire-exposed containers cool. Fight fire from a protected location. Move containers from fire area if you can do so without risk.  |
| Suitable (and unsuitable) exting  | uishing media  |
| Suitable extinguishing media:   | Use fire-extinguishing media appropriate for surrounding materials.  |
| Unsuitable extinguishing media:   | Do not use water jet as an extinguisher, as this will spread the fire.   |
| Specific horordo origina from   | Vapors may travel considerable distance to a source of ignition and flash  |
| Specific hazards arising from the chemical:   | back.  |
|   | back.  |
| the chemical:   | back.  |
| the chemical:<br>Special protective equipment an<br>Special fire fighting   | back.  |

|  | PEL     | 200 ppm      | 740 mg/m3   | US. OSHA Table Z-1 Limits for Air<br>Contaminants (29 CFR 1910.1000) (02 2006) |
|  | TWA     | 200 ppm      | 740 mg/m3   | US. OSHA Table Z-1-A (29 CFR 1910.1000)<br>(1989)                              |

### **Biological Limit Values**

| Chemical Identity   | Exposure Limit Values          | Source              |
|---|--------------------------------|---------------------|
| Ethanol, 2-ethoxy- (2-Ethoxyacetic acid: Sampling time:<br>End of shift at end of work week.) | 100 mg/g (Creatinine in urine) | ACGIH BEL (03 2013) |

### Appropriate Engineering Controls

No data available.

Individual protection measures, such as personal protective equipment

| General information:                | Provide easy access to water supply and eye wash facilities. Good general ventilation (typically 10 air changes per hour) should be used. Ventilation rates should be matched to conditions. If applicable, use process enclosures, local exhaust ventilation, or other engineering controls to maintain airborne levels below recommended exposure limits. If exposure limits have not been established, maintain airborne levels to an acceptable level. If exposure limits have not been established, maintain airborne levels to an acceptable level. |
|-------------------------------------|---|
| Eye/face protection:                | Wear safety glasses with side shields (or goggles).   |
| Skin Protection<br>Hand Protection: | No data available.  |
| Other:                              | Wear chemical-resistant gloves, footwear, and protective clothing<br>appropriate for the risk of exposure. Contact health and safety professional<br>or manufacturer for specific information.  |
| Respiratory Protection:             | In case of inadequate ventilation use suitable respirator. Seek advice from local supervisor.   |
| Hygiene measures:                   | Avoid contact with eyes. Observe good industrial hygiene practices. When<br>using do not smoke. Do not handle until all safety precautions have been<br>read and understood. Obtain special instructions before use. Contaminated<br>work clothing should not be allowed out of the workplace. Avoid contact<br>with skin.  |

# 9. Physical and chemical properties

| Appearance                                   |                                     |
|--|-------------------------------------|
| Physical state:                              | liquid                              |
| Form:  | Spray Aerosol                       |
| Color:                                       | No data available.                  |
| Odor:  | No data available.                  |
| Odor threshold:                              | No data available.                  |
| pH:  | 8.5 - 9.5                           |
| Melting point/freezing point:                | No data available.                  |
| Initial boiling point and boiling range:     | 100 °C                              |
| Flash Point:                                 | -104.4 °C                           |
| Evaporation rate:                            | No data available.                  |
| Flammability (solid, gas):                   | No data available.                  |
| Upper/lower limit on flammability or explosi | ive limits                          |
| Flammability limit - upper (%):              | No data available.                  |
| Flammability limit - lower (%):              | No data available.                  |
| Explosive limit - upper (%):                 | No data available.                  |
| Explosive limit - lower (%):                 | No data available.                  |
| Vapor pressure:                              | 3,102.6407 - 4,481.5922 hPa (20 °C) |
| Vapor density:                               | No data available.                  |
| Density:                                     | Estimated 0.927 g/cm3               |

### 15. Regulatory information

### **US Federal Regulations**

Restrictions on use: Not known.

### TSCA Section 12(b) Export Notification (40 CFR 707, Subpt. D) US. OSHA Specifically Regulated Substances (29 CFR 1910.1001-1050) None present or none present in regulated quantities.

### CERCLA Hazardous Substance List (40 CFR 302.4):

| Chemical Identity       | Reportable quantity |
|-------------------------|---------------------|
| Butane                  | lbs. 100            |
| Propane                 | lbs. 100            |
| Sodium nitrite, Nitrous | lbs. 100            |
| acid, sodium salt (1:1) |                     |
| 1,2-Ethanediol          | lbs. 5000           |
| Ethanol, 2-ethoxy-      | lbs. 1000           |

### Superfund Amendments and Reauthorization Act of 1986 (SARA)

# Hazard categories

Fire Hazard Immediate (Acute) Health Hazards Delayed (Chronic) Health Hazard Flammable aerosol Serious Eye Damage/Eye Irritation Skin sensitizer Toxic to reproduction

### SARA 302 Extremely Hazardous Substance

| <u>Chemical Identity</u><br>Water | <u>Reportable</u><br>quantity | Threshold Planning Quantity |
|-----------------------------------|-------------------------------|-----------------------------|
| SARA 304 Emergency Rele           | ease Notification             |                             |
